

Out-of-school time (OST) Programs

Out-of-school time (OST) programs offer enriching experiences, safe spaces, and provide opportunities to develop meaningful relationships for children and teens outside of the regular school day and year. Allegheny County is fortunate to have hundreds of school age out-of-school time programs geographically dispersed across the county. Of these programs, DHS funds 50 providers (listed below) that operate free and nominal cost programming in over 80 locations around the county. Feel free to reach out to any of these programs directly to inquire about enrollment options. You can also search the comprehensive inventory of programs (mix of private pay, child care subsidy and free and nominal cost) that meet your needs on the Allegheny Child Care Finder.
